

Excessive noise is defined as noise that exceeds 78 decibels. Measurements are made on the "A" weighted scale by a sound level meter, measured at a distance of not less than 50 feet when the snowplane is being operated at full throttle. Except, that snowplanes registered and operated in the Park for the 1970–1971 season need not meet any noise level standards, and snowplanes registered and operated in the Park prior to the 1991–1992 season may produce up to 86 decibels.

(6) The maximum speed limit for snowmobiles will be the same as is posted for vehicles on the adjacent roadway, or as is posted for areas shared by vehicles and snowmobiles, or as is posted for wheeled vehicles during other seasons. Operating a snowmobile at a speed in excess of the posted speed limit is prohibited.

(7) On designated routes open to snowmobile use, snowmobiles shall travel on the right side of the route, except to overtake and pass. Failure to drive on the right side of the route is prohibited.

(8) The Superintendent shall determine the opening and closing hours and dates for use of designated snowmobile or snowplane routes and areas, taking into consideration the location of wintering wildlife, available snow cover, road and trail maintenance requirements, and other factors that may relate to public safety and resource protection.

(9) A valid State driver's license or learner's permit is required to operate a snowmobile within Grand Teton National Park. Operating a snowmobile without a valid State driver's license or learner's permit is prohibited.

(4) On designated routes open to snowmobile use, snowmobiles shall travel on the right side of the route, except to overtake and pass. Failure to drive on the right side of the route is prohibited.

(5) The Superintendent shall determine the opening and closing hours and dates for use of designated snowmobile routes, taking into consideration the location of wintering wildlife, available snow cover, road and trail maintenance requirements, and other factors that may relate to public safety and resource protection.
